Outside photos are usually not high resolution so we request that you do not send in a photo of yourself. There is no cost to you unless you want to purchase your digital files. The church is picking up the cost of the printing, but donations to help defray the cost are appreciated, as each book will cost about \$5.00. Pastor's Corner:

Peripheral is defined as concerned with relatively minor, irrelevant, or superficial aspects. Minor details I suppose could be thought of as peripheral details. Heaven is something we think of often, but not in detail. We think of the big picture – you know the gates of pearls and streets of gold. We imagine the big reunion that will be with those who have gone before us. The minor details aren't important, just the fact that Jesus will be there is enough for me. Most of us want to make sure we get to go. But sometimes I do wonder about heaven. When Christ returns and those who died and are raised up by Him, will we remember what we were doing a couple of minutes ago – just before we passed? Here is a joke that touches on the subject. “A cowboy appeared before St. Peter at the pearly gates. “Have you ever done anything of particular merit?” asked St. Peter. The cowboy offered; “On a trip to South Dakota, I came upon a gang of bikers who were threatening a young woman. I told them to leave her alone, but they wouldn't listen. So, I approached the largest biker and smacked him in the face, kicked his bike over, ripped out his nose ring, and threw it on the ground. I yelled, Now, back off all of you!” St. Peter was impressed, “when did this happen?” “Couple of minutes ago.” This, of course, isn't a true story but it does give us something to think about. One day what you were doing just a couple of minutes ago could be a peripheral detail, but most important – Be ready and live each minute for Christ.

Blessings,
Pastor Vernon
