Pastor’s Corner: The first day of school a young boy stepped reluctantly on the bus. He was going to a new grade at a new school with new shoes on his feet, but with a used backpack on his back. His mother was struggling financially and just couldn’t afford everything new. She assured her son the backpack would serve the purpose until she could buy a new one. In class, the boy opened his old backpack and pulled out his new binder. He reached in an outside pocket for a pencil and found a folded piece of paper. It was a note from his mom. “Don’t worry about the outside, the inside is what counts. All the stuff inside is brand new and beautiful.” He smiled. From time to time, he glanced down at the old backpack. There was something about it now; somehow, it seemed to look a little newer. Some days we are reluctant to step into the new because we worry about the outside that is old. We are sometimes fearful because we worry what others will think. Did you know we aren’t supposed to worry about the outside or anything really. Jesus left us a note. *“So, I tell you, don't worry about everyday life—whether you have enough food to eat or clothes to wear. For life consists of far more than food and clothing (Luke 12:22-23).”* He also told us He makes all things new. When we are new on the inside, the outside begins to look a little newer also. Trust God to change your inner heart today and it’s guaranteed that very soon He will restore the old exterior to new. Read the note God left for you! Remember all the new stuff you have on the inside today, and smile!

Blessings, Pastor Vernon
