

Secondary STEM Teacher

Location: Burnaby, BC

Deer Lake School, an independent **K-12 Seventh-day Adventist Christian school**, is seeking a **dedicated and passionate Secondary STEM Teacher** to join our high school faculty. We are looking for an educator who thrives on engaging students in meaningful learning experiences, integrates faith into teaching, and is committed to professional growth.

Position Overview

Reporting to the **principal and high school vice-principal**, the successful candidate will be responsible for teaching **Foundations of Math 11, Workplace Math 10 and/or 12, Physics 11 or 12 and possibly Technology course** as well in alignment with the **BC Curriculum**. The role involves delivering **engaging and effective STEM instruction**, assessing student progress, and fostering a **supportive, inclusive, and faith-based learning environment**.

Responsibilities

Professional Expectations

- Conduct oneself professionally in all interactions with staff, students, and parents.
- Maintain strict **confidentiality** and **ethical** classroom practices.
- Attend and participate in **staff meetings, professional development workshops, and school activities**.
- Maintain current knowledge of **school and conference policies**.

Instructional Responsibilities

- Develop **engaging lesson plans** that foster conceptual understanding and problem-solving skills.
- Design and administer **assessments, quizzes, tests, and projects** to evaluate student learning.
- Provide timely and meaningful **feedback** to students and ensure grades are up to date.
- Facilitate **student collaboration** through interactive whiteboard activities, group projects, and in-class discussions.
- Integrate **technology** (graphing calculators, online graphing apps, videos, educational games) to enhance student learning.
- Encourage **self-reflection** and critical thinking by guiding students to evaluate their progress.
- Offer **extra tutorial support** during lunch or other designated times for students needing additional assistance.

Classroom & Learning Environment

- Maintain a **safe, respectful, and inclusive** classroom atmosphere.

integrity service family belief

- Implement **differentiated instruction** to meet diverse student needs and learning styles.
- Foster student engagement through **hands-on learning, discussions, and real-world applications** of mathematical concepts.
- Encourage students to develop strong **problem-solving and analytical skills**.

Professional Growth & Collaboration

- Engage in **ongoing professional development** through workshops and educational conferences.
- Collaborate with **colleagues across subjects** to create interdisciplinary learning opportunities.
- Seek guidance and mentorship from other faculty members to enhance instructional effectiveness.

Qualifications

Required:

- **Bachelor of Education** with a **STEM related Major/Minor**.
- Holds or eligible for **BC Teacher Regulation Branch (TRB) Certification**.
- **Baptized member of the Seventh-day Adventist Church**, actively committed to Adventist values.
- *Those certified in other countries who are eligible to teach under a one-year letter of permission or who have not completed NAD certification may also apply.

Preferred:

- **North American Division (NAD) Teaching Certification**.
- Strong **organizational and communication** skills.
- Knowledge of computer science and/or media production is an asset.

How to Apply

Interested applicants should submit the following:

- A **cover letter** expressing interest and alignment with the school's mission.
- A **resume** detailing relevant qualifications and experience.
- **Contact information for three professional references**.

Send applications to: cdomke@bcadventist.ca, cc: admin@deerlakeschool.ca
