What about the baptismal pin?

Most children get baptized after their Adventurer Club years. But sometimes you will have an Adventurer child who is more mature and who wants to get baptized. When that happens make sure you celebrate their baptism! You may want to do a special presentation of the baptismal pin at your next club meeting where you affirm the child and place the baptismal pin on their sash. There is only one style of baptismal pin and it can be worn by Adventurers, Pathfinders, youth, and adults.
