Fun and Easy Quilter Lessons for Young Bible Students

We received a flyer in the mail this week that I thought might be a great resource for your families. Here is the blurb from the flyer: "It Is Written wants to help anchor children in the Word of God, so we created the "My Place With Jesus Bible Guides. These Bible guides explain the plan of salvation, how to have a relationship with Jesus, and the major themes of the Bible." You may order a set of these studies (designed for those ages 7-12) by visiting ItIsWritten.shop or by calling 888-664-5573. The set is regularly priced at \$10.99, but if you order before December 31 and use code MPWJ18, you can save \$1.

Is anyone in the church a quilter? If you are a quilter or know of someone who is, would you please let Mrs. Wright know? We would like to have a quilter visit our class and share a bit about quilting. Thank you!

The Library

Do you want to be a member of the IHAS library? It is now open to church members who are interested in becoming library patrons. Applications can be found in the foyer. Please fill one out, place it in the attached envelope and insert it into the black lock box which is mounted on the wall by the front window of the office. Additional information about how to check out books online can be found in the application packet.

Obstacle Course

The upper graders had a super fun learning experience on Thursday. Pastor Nick created an obstacle course based on one used in the army. He adapted it to suit students and set it up in the gym. We originally allotted 40 minutes to complete the course, but it ended up taking 2.25 hours. The students thought it would be easy to complete, but they discovered that working together, coordinating efforts, and maintaining the focus of all involved wasn't as easy as it appeared at the first. The course consisted of islands (small wooden platforms) which the students had to navigate to through the use of two 7' 4"x4" beams. No one could touch the floor at any time (if they did they had to go back to start) nor could a beam touch the floor (same consequence). Also, everyone had to complete it—no man could be left behind—in order to complete the course. The students persisted and learned easier or better ways to go about the task. Stay tuned—the course is coming to an upcoming church social near you!

IHAS Friends

Ms. Betty Hay

Grade 3

Birthday: a long time ago

Schools attended: 1 college and 17 undergrad schools

Favorite thing to do in free time is travel

Favorite thing about IHAS: Mrs. Wright

A hobby that would be of interest if money and danger were no issue: buying land around the world

Time period to live in besides this one: late 1800s

Favorite childhood memory: Mexico

Something preferable to do the old-fashioned way: cook

Movie/book title that best describes your life: *No Life for a Lady*

Something you want but can't afford: a new car

Special thing about where you grew up: my family

Last time you climbed a tree: 3 years ago

How do you relax: doing embroidery

Most annoying question posed to you repeatedly: When is your birthday?

Something unusual everyone should do at least once: be afraid in another country

Career besides teaching that would be interesting: literature evangelist

Previous jobs: many (laundry sorter, baker...)

Who introduced you to Jesus: Ms. White

Thing you look forward to most in Heaven/New Earth: asking questions

Best advice you were ever given: Don't let schooling get in the way of your education.
