

# Community Notice November 2021

## HAVE A VOICE IN YOUR COMMUNITY!

The Village Council meets the Third Monday of each month at 5:30 PM. We look forward to seeing you and would like to have your input and ideas.

## No Wipes in the Pipes

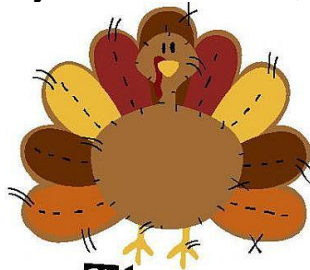

Just because it says certain wipes are flushable doesn't mean you should. You can ask any plumber and they will tell you there is no such thing. Nothing should be flushed except toilet paper. Toilet paper is designed to breakdown in a 24-hour period. Wipes, even "flushable" ones take a week or more to breakdown. Over a period of time, it can cause damage to your pipes and also the Village Sewage. Charleston S.C. water system currently has the first-class action lawsuit against Kimberly-Clark Flushable & nonflushable due to damage of their community.

## FYI

Ladies it's that time of year where theft is on the rise! Please do not leave your purse in your vehicle even if it's locked. The new trend "smash and grab" is hot right now, meaning they smash your window and grab whatever they can out of your car including your purse. There have been several reports lately.
