“No Wipes in the Pipes”

Please Do Not Flush Products such as baby-wipes, Clorox cleaning wipes, disposable diapers, tampons or tampon applicators down the toilet. This can cause damage to the wastewater system’s lift stations and treatment facility. It can also cause problems with your plumbing and end up costing everyone in the end.

- **Flushing of Village Hydrants will be Monday and Tuesday, May 09th & 10th, 2022**

Flushing will be done overnight, beginning at 10:00 PM. By changing the time and the way we will be doing the hydrant flushing we are hoping to clear up some of the discoloration of the water. However, if you happen to notice a lot of discoloration it will help if you open your outside faucet and let it run to clear any debris.

- **Also time to renew your chicken license!**
