

# REAL HOPE

## Join Us in Making a Difference

Each year, Seventh-day Adventists across North America bring hope to their neighbors, friends, and communities through the *Hope for Humanity* initiative. This is your opportunity to be part of a movement that shares Christ's love in practical ways—feeding the hungry, supporting education, and rebuilding lives after crisis.

Thousands of members already give faithfully through their church offering envelopes, and every dollar makes a direct impact. **With 100% of donations going straight to humanitarian projects**, you can be confident that your gift truly changes lives.

Now it's your turn. Pray. Give. Share. Together, we can extend God's love beyond the church walls and meet the urgent needs of people at home and around the world.

**Be the difference. Support *Hope for Humanity* today.**

HOPE for HUMANITY

# EDUCATING, CARING, COMFORTING...

## **Making a Difference in Our Communities:**

Fifty percent of all funds raised through Hope for Humanity remain in the local communities and regions where they are given. These resources support programs that meet real human needs—such as disaster relief, assistance for children and women, and outreach to individuals who have lost hope.

## **Making a Difference Through the Power of Reading:**

The other fifty percent of funds is transforming lives in Central America through literacy. By partnering with churches, schools, and community groups, we provide books, train teachers, and create safe learning spaces. These efforts help children facing poverty and hardship not only gain reading skills, but also hope and a brighter future.

## **Making a Difference in Our Witness and Outreach:**

Hope for Humanity connects us with individuals who may not yet know our message, creating powerful opportunities for evangelism and community witness. In areas where churches actively engage in Hope for Humanity outreach, the impact is often felt far beyond the initial contact.

## **Making a Difference in Our Churches:**

Participating in Hope for Humanity strengthens the bonds of fellowship within our congregations. These shared efforts create positive, mission-focused experiences that are especially meaningful for children, youth, and new believers—instilling the Adventist legacy of compassion and service.

## **Your Help is Needed—You Can Make a Difference:**

Across the North American Division, Adventists are participating in Hope for Humanity in creative and impactful ways. Whether through door-to-door outreach, community events, or personal giving, thousands of meaningful connections with neighbors and friends are being made. Many also choose to give directly through offerings, helping to advance life-changing projects around the world.

## **Thank you for your faithful support of Hope for Humanity.**

Please continue to pray for our global projects and for the witness of this ministry in our communities.

**HOPE** *for* **HUMANITY**
