

# Learning Site<sup>®</sup>

# CLASSLINK ROSTERING GUIDE

## Overview

Wayside Publishing<sup>®</sup> makes it easy for districts to access our digital content located on the Learning Site<sup>®</sup>, our online Learning Management System (LMS), by providing a Roster Server integration with ClassLink. The Learning Site<sup>®</sup> is the central hub for teachers and students that bridges content, pedagogy, technology, and training to create a comprehensive digital environment - ensuring students and teachers are on the path to proficiency and engaging with equitable and innovative pedagogical resources.

## Wayside Publishing<sup>®</sup> & ClassLink

Customers using ClassLink will get:

- Automated rostering by connecting with your SIS daily
- Secure data transfer through ClassLink's Roster Server

## Partnership

Wayside Publishing<sup>®</sup> partners with schools, districts, and states around the country to ensure students and teachers have access to the best world language pedagogy in the market, because our mission is to empower the next generation of global citizens. By adopting our products, you become stakeholders in our development process, and we will partner with you to understand your needs and serve you better.

## Support

At Wayside Publishing<sup>®</sup>, we want to make sure you are always able to find the help you need. In addition to our Support Center ([wayside.force.com/supportcenter/s/](https://wayside.force.com/supportcenter/s/)), you can contact our stellar support team at [support@waysidepublishing.com](mailto:support@waysidepublishing.com) (for Learning Site<sup>®</sup> questions) or [info@waysidepublishing.com](mailto:info@waysidepublishing.com) (for general information).

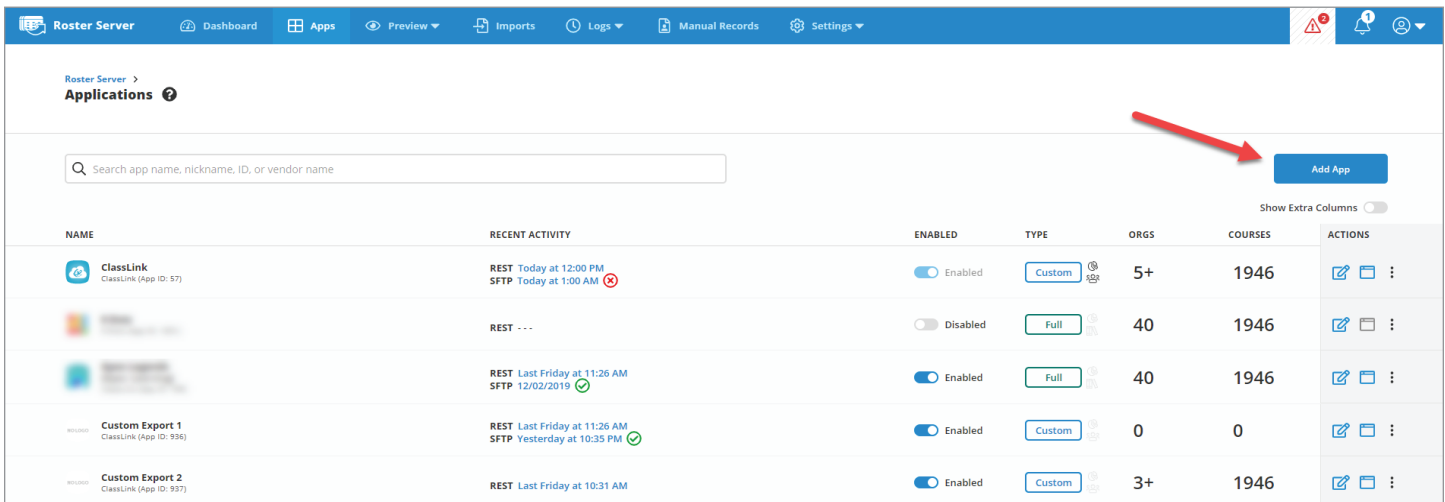

Live phone support is available 8:30 a.m. to 8:00 p.m., Eastern Time, Monday through Friday at (888) 302-2519.

More helpful information, including video tutorials, can be found in the  **Help** menu on the Learning Site<sup>®</sup>.

## Connection Steps

### Connecting to the Learning Site® Application in ClassLink's Roster Server

1. To add an application in the Roster Server, go to Apps and click **Add Apps** to search for an application or browse the list to find applications. Search for the Wayside Publishing® Learning Site®, and click **Add App**.

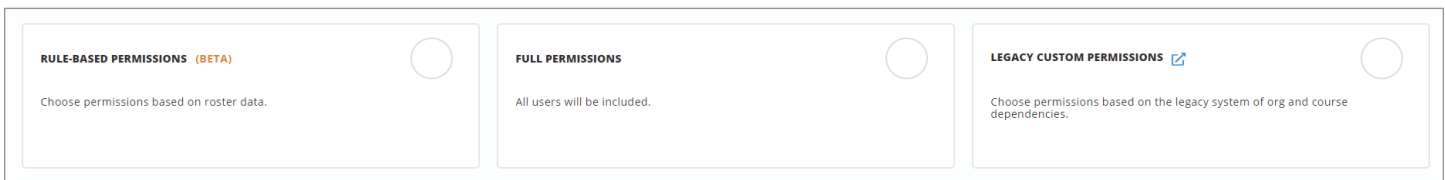

Roster Server > **Applications** ?

Search app name, nickname, ID, or vendor name

Show Extra Columns ☐

| NAME   | RECENT ACTIVITY  | ENABLED                                     | TYPE   | ORGS | COURSES | ACTIONS   |
|--|--|---|--------|------|---------|---|
|  <b>ClassLink</b><br>ClassLink (app ID: 57)               | REST Today at 12:00 PM<br>SFTP Today at 1:00 AM            | <input checked="" type="checkbox"/> Enabled | Custom | 5+   | 1946    |          |
|  <b>Google Classroom</b><br>Google Classroom (app ID: 10) | REST ---   | <input type="checkbox"/> Disabled           | Full   | 40   | 1946    |          |
|  <b>Canvas LMS</b><br>Canvas LMS (app ID: 11)             | REST Last Friday at 11:26 AM<br>SFTP 12/02/2019            | <input checked="" type="checkbox"/> Enabled | Full   | 40   | 1946    |          |
|  <b>Custom Export 1</b><br>ClassLink (app ID: 936)        | REST Last Friday at 11:26 AM<br>SFTP Yesterday at 10:35 PM | <input checked="" type="checkbox"/> Enabled | Custom | 0    | 0       |          |
|  <b>Custom Export 2</b><br>ClassLink (app ID: 937)       | REST Last Friday at 10:31 AM                               | <input checked="" type="checkbox"/> Enabled | Custom | 3+   | 1946    |    |

2. After adding the application, you will be prompted to set the permissions for sharing roster data with Wayside Publishing®. Please use the filter tools to only select users and courses that will be using a Wayside Publishing® product.

**RULE-BASED PERMISSIONS (BETA)**

Choose permissions based on roster data.

**FULL PERMISSIONS**

All users will be included.

**LEGACY CUSTOM PERMISSIONS**

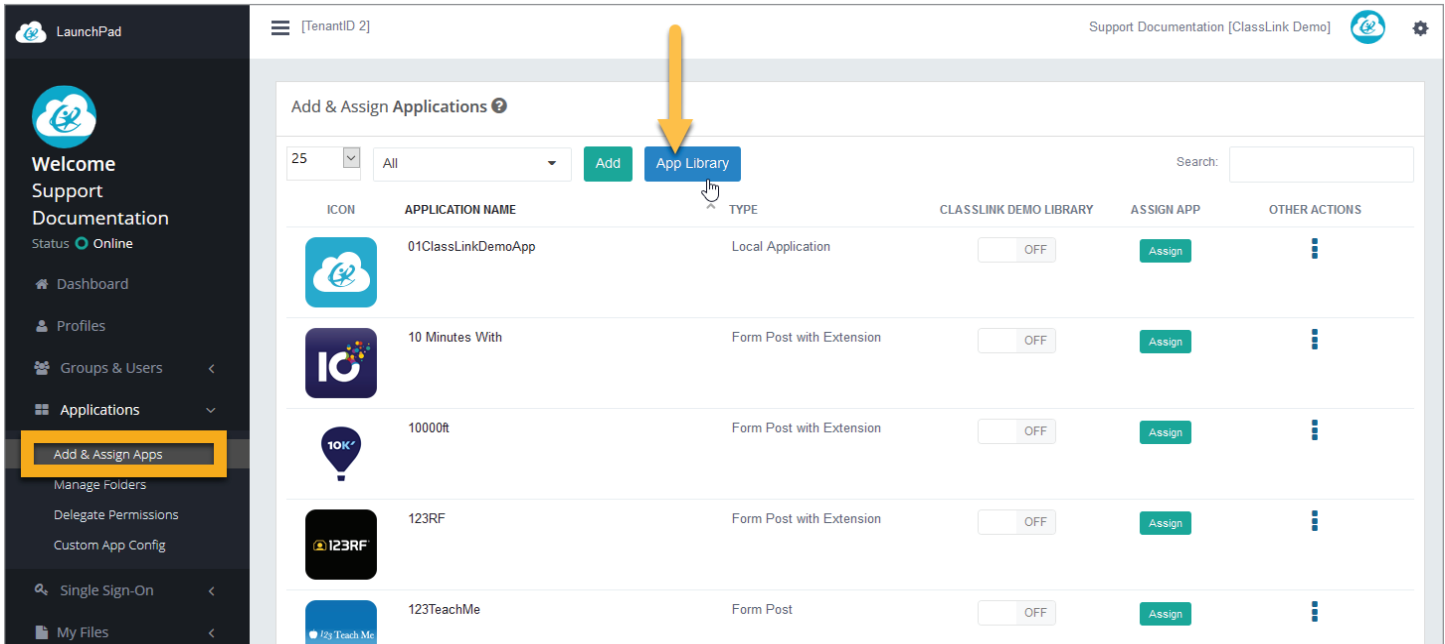

Choose permissions based on the legacy system of org and course dependencies.

3. After adding the application and setting permissions, Wayside will get an email informing us that the district has connected through ClassLink. We will confirm with you, as needed, that your district is confirmed to roster.
4. Wayside will reach out to our third-party provider, KimonoCloud ([web.kimonocloud.com/](http://web.kimonocloud.com/)). KimonoCloud allows us to ingest the OneRoster API data that the ClassLink Roster server sends. KimonoCloud will reach out to the technical contact at your district to confirm the share.
5. Once approved, Wayside will create the application in KimonoCloud and ingest the data, moving from ClassLink's Roster Server, to KimonoCloud, to the Learning Site®.

## Adding the OAuth2 Learning Site<sup>®</sup> Application

1. Once the Roster Server connection is set up, navigate to the CMC, click **Applications**, select **Add & Assign Apps**, then click **App Library**.

The screenshot shows the 'Add & Assign Applications' interface. On the left, a sidebar contains navigation links: Welcome, Support, Documentation, Status (Online), Dashboard, Profiles, Groups & Users, Applications (highlighted), Add & Assign Apps (highlighted), Manage Folders, Delegate Permissions, Custom App Config, Single Sign-On, and My Files. The main content area is titled 'Add & Assign Applications' and includes a search bar and a table of applications. An orange arrow points to the 'App Library' button in the top right of the table area.

| ICON   | APPLICATION NAME   | TYPE                     | CLASSLINK DEMO LIBRARY | ASSIGN APP | OTHER ACTIONS |
|--|--------------------|--------------------------|------------------------|------------|---------------|
|   | 01ClassLinkDemoApp | Local Application        | OFF                    | Assign     |               |
|   | 10 Minutes With    | Form Post with Extension | OFF                    | Assign     |               |
|   | 10000ft            | Form Post with Extension | OFF                    | Assign     |               |
|   | 123RF              | Form Post with Extension | OFF                    | Assign     |               |
|  | 123TeachMe         | Form Post                | OFF                    | Assign     |               |

2. Search for the Wayside Publishing<sup>®</sup> Learning Site<sup>®</sup> and click the **Add** button.
3. Assign the application to the users that are rostered in the Roster Server.
4. To test access, impersonate a user that is rostered, and click the newly installed application.
